

Land Development Specialists LLC

Monthly Report | September 2026

Brian Woods | Prepared by Mark Kendrick

This monthly report documents on-site changes and summarizes off-site SEO work and results. The specific off-site methods remain confidential to protect proprietary techniques.

OFF-SITE

Results are summarized here when there is a change to report. Specific methods remain confidential.

September 19, 2026, 4:45 AM PT

ON-SITE

The monthly report now uses Land Development Specialists branding: navy and gold, Brian's company name, and a clear split between on-site website changes and off-site SEO. Off-site notes will list results only. The methods stay confidential. Current September report

September 19, 2026, 4:35 AM PT

ON-SITE

We saved Brian's latest questions on how a buyer should test a development concept, compare the land price with the full cost to build, and run due diligence during a letter of intent or purchase agreement. That material is on the feasibility study page, including what the client receives at the end of a review and how to tell a workable site from one that only looks good on paper. Feasibility study
